4 Report of the County Archivist.

The County Archivist presented a report which outlined the work of the Joint Archive Service during the period March – May 2019.

Use of the Service

He reported on the use of the Service for the quarter and also referred to the comparison of statistics for 2017/18 and 2018/19 and detailed the background and rationale behind the statistics.

He expressed hope that the figures seemed to have stabilised now after a period of change brought about by reductions in service in both Swansea and Neath over the past few years.

The vast amount of material that is available online now has also impacted on visitor numbers, although engagement with the public has increased due to the use of social media.

Service Outreach

The County Archivist reported that the exhibition commemorating the 50th anniversary of Swansea being awarded city status had been completed and was currently on display outside the Archives search room in the civic centre. It would be displayed at the Air Show in July and was available for display in venues across the City.

He indicated the progress made on the book "A new, even better Abertawe: the rebuilding of Swansea 1941-1961". It was currently at the proof reading stage and would hopefully be launched at an event during the autumn.

He detailed the sessions delivered to schools and students from Swansea University during the quarter.

Discussion took place around the promotion of the service to schools, which included education sessions on a variety of curriculum-related topics, loan of portable exhibitions and the provision of CDs for a locality study. Where members were involved with their local schools, they were urged to help promote the service, which was underused. The County Archivist indicated that those schools which did use the service regularly returned for more sessions and to judge from the feedback received were very satisfied with them.

He reported that the Archive Service annual report for 2018/19 had recently been published online.

Professional Meetings & Partnership Working

He reported on the various meetings attended by staff during the quarter.

Archive Collections

He reported on the list of archives received by the Service during the quarter.

The meeting ended at 11.40 am

2. Service outreach

Exhibitions and events

The Swansea city status anniversary exhibition panels have been on further display as follows during the quarter: at Swansea mosque during the St Helen's Road 50th celebrations street party, in the Patti Pavilion during the royal visit on 3rd July and at Killay Library during August. The County Archivist briefly explained the panels to HRH Prince Charles during the royal visit. The Assistant County Archivist recorded an interview on the subject for use by ITV Wales.

The Archives hosted an exhibition prepared by the Jewish History Association of South Wales on the history of the Jewish community and its various synagogues in south Wales. During this period, on 28 August, the Service hosted a public talk by Norma Glass entitled 'My life as a Jewish woman in Swansea'.

Publications

The next Archive Service publication, '*A new, even better Abertawe: the rebuilding of Swansea, 1941-1961*' has proceeded to print during the quarter, the launch of the book will take place at Swansea Museum at 2pm on the afternoon of 13th September with a public lecture by the author on the subject of the post-war rebuilding of Swansea. All members are welcome to attend the event, which is open to everybody.

Education Service

During the quarter, sessions have been delivered to the following primary schools either on-site or in the Archives:

- Penclawdd
- Plasmari
- St Joseph's, Swansea (2 sessions)
- St Thomas, Swansea (2 sessions)

A short presentation was made about using the schools service to a meeting of Swansea primary school head-teachers.

Talks to groups

During the quarter, talks have been given by Archives staff to the following groups either on-site or in the Archives:

- Staff from the Royal Commission on the Ancient and Historical Monuments of Wales, Aberystwyth
- University of the Third Age

In June, the County Archivist spoke at the launch of the book by the late Dr Tom Davies 'To Stand by the Sickbed'. He recalled Dr Davies' long association with the Archives both as a researcher, an author on the local history of Neath and the Dulais Valley, and a donor of archive material. His papers have now been transferred to the archives.

3. Staff

The customary annual appointment to the post of Archive Trainee did not take place this year while both parent authorities are considering the long-term sustainability of the way the service is funded and the future of the Archive Service reserves. The hours of an existing part-time member of staff were extended to cover the gap in the front-line service, this arrangement being temporary till the end of the financial year while the matter remains under consideration.

One of two archivist posts has been turned into a job share at the wish of the post-holder. A job share partner for the member of staff is currently being recruited.

4. Professional meetings and partnership working

During the quarter, members of Archives staff have attended the following professional meetings and taken part in partnership work as follows:

- Archives and Records Council Wales
- Working group meetings for the Archives Card (teleconference)
- Working group on the renewal of the contract for online publication of the Welsh parish registers (teleconference)

Together with an officer from Swansea Museum, the County Archivist met with one of the Swansea Pride co-ordinators to investigate ways in which the archives and museum could better collect archives and artefacts from the LGBT+ community in Swansea and area and improve the inclusivity and diversity of our collections.

Accessions of archive collections

A comprehensive list of archives received during the period June to August 2019 is attached for information at Appendix 1.

An urgent necessity this quarter has been to collect the records of schools in Swansea and NPT during closure. Records have been collected from Felindre, Craigcefnparc and Cymer Afan schools
