In particular issues were raised in relation to cash flow and ERDF funding for the Pembroke Dock Marine. Funding was time limited and there was a risk that the funding would be lost.

25 Additional Resource Funding Proposal.

The Regional Office submitted a report to seek approval of the Joint Committee to develop a detailed proposal for expenditure of additional resource funding from Welsh Government in accordance with the outline proposal provided in this report.

Following discussions at the Swansea Bay City Region Programme Board, it was recommended that the following be added to paragraph 2.3.1 as follows:

- (iv) Economic Strategy Board (ESB) additional requirements:
Any further information / research as a recommendation of the ESB.
This could include an appointment of an accredited consultant to undertake additional work for clarity purposes.

Resolved that:

- 1) Joint Committee authorise the Programme Board to develop detailed proposals for the expenditure of additional resource funding from Welsh Government;
- 2) Proposals for the expenditure of additional resource funding from Welsh Government be based on the achievement of the four key objectives as detailed in this report;
- 3) That the Joint Committee submit the outline proposal detailed in this report to UK and Welsh Government for endorsement.

26 Establish a Transport Sub Committee.

The Chief Executive, Neath Port Talbot submitted a report to establish a formal sub committee of the City Region Joint Committee to take an overview of transport

issues and develop the first stage of proposals to take forward the Swansea Bay Metro proposition.

He updated the Committee that following further discussions it had been suggested that a 'Shadow' sub committee be established and the terms of reference be submitted to the next Swansea Bay City Region Joint Committee.

Resolved that the recommendations be approved subject to the following amendments:

- 1) The Joint Committee formally establish a 'Shadow' sub-committee with a specific remit on transport, to consist of Cabinet Members or their nominees from the four constituent authorities with relevant officer support;
- 2) In the short term, the 'Shadow' sub-committee oversee the completion of a proposition to be put to Welsh Ministers and other stakeholders outlining the region's priorities for stage one of the Metro project and related programmes. This work should draw on existing funding streams (circa £200,000) and sign off a proposal by 31 March 2020;
- 3) The Joint Committee request that specific Terms of Reference are drawn up for approval at the November meeting to achieve (2) above;
- 4) If recommendations 1-3 above are agreed, that the Chair of the Joint Committee formally write to Ministers to notify them of our intentions.

27 Cash Flow & Grant Profile Summary.

28 Letter from the Swansea Bay City Region Joint Scrutiny Committee.

The Monitoring Officer presented a report on correspondence received from the Swansea Bay City Region Joint Scrutiny Committee.

The Committee were asked to consider the recommendations made by the Joint Scrutiny Committee and decide whether any amendments should be made to the Joint Committee Agreement.

The three points for consideration being:

- (a) A reduction in the quorate number of the Joint Scrutiny Committee to 6.
- (b) Clause 9.3 to be rewritten to provide additional clarity on what is being indemnified and by whom.
- (c) The caveat requiring the Joint Scrutiny Committee to seek permission of the constituent Authority Scrutiny Committee be removed.

Resolved that the Monitoring Officer respond to the Swansea Bay City Region Joint Scrutiny Committee to confirm that:

- (a) Legal Officers from each Authority will consider whether the amendment to the quorate number can be made under delegated powers.
- (b) In relation to clause 9.3 this is standard wording for an indemnity clause designed to protect the Accountable Body as employer of the Programme Director and Portfolio Management Office but recognising that the Programme Director receives his instructions from and is accountable to the Joint Committee. Therefore if the Programme Director or Portfolio Management Office act in a way that causes any loss to the Councils arising from an instruction given by the Joint Committee, then the Councils agree to share those losses equally. Where such losses arise as a result of the Accountable Body's negligent actions as employer of the Programme Director or Portfolio Management Office, then those losses will be borne by Carmarthenshire County Council. In the circumstances it is considered that the clause is appropriately worded from a legal perspective.
- (c) The caveat around the Joint Scrutiny of individual projects was inserted to protect the integrity of individual constituent scrutiny committees and to avoid any potential for duplication of work. Individual scrutiny committees would be expected to be sympathetic to any request by the Joint Scrutiny Committee and work with the Committee to avoid any duplication of scrutiny work. It is not felt appropriate to remove the caveat but it is suggested that any requests for joint scrutiny be monitored.

29 Swansea Bay City Region Joint Committee - Future Dates 2020-2021.

The Head of Democratic Services, Swansea Council submitted a report to consider future dates of the Committee.

The last diarised meeting of the Swansea Bay City Region Joint Committee was scheduled for 25 February 2020. The report sought to extend the scheduled meetings until April 2021.

Resolved that:

- 1) The future dates as outlined in paragraph 3.3 of the report be approved;
- 2) The suggestion to hold Economic Strategy Board (ESB) meetings in Swansea on the same day as the Joint Committee, be made to the ESB for it to consider;
- 3) The suggestion to hold the Programme Board approximately two weeks before the Joint Committee, be made to the Programme Board for them to consider;
- 4) The dates be circulated to other public bodies such as Education through Regional Working (ERW) and West Glamorgan Regional Partnership Board (RPB) to avoid clashes.

30 Pembroke Dock Marine Business Case.

Following advice from the Monitoring Officer, this item was moved into open session for discussion.

Edward Tomp, Chair of Economic Strategy Board (ESB) reported that the Board had spent considerable time on this project. It acknowledged it was highly complex but they were fully supportive of the overall project.

However the ESB suggested the following:

- Pembroke Dock Marine (PDM) - An elite partner be identified in terms of governing the risk;
- Marine Energy Engineering Centre of Excellence (MEECE) – The Joint Committee consider academic links with a local university to ensure a legacy and hardware remained;
- Pembrokeshire Demonstration Zone (PDZ) – They were fully supportive of the project but concerned that within the 5 year period nothing would really be developed as the money goes into consent application and there would be nothing to show for it. The other projects would be delivering in that 5 year period but the PDZ would just be approaching time for consent. Funding appears inconsistent with the other projects.

The Chair thanked Mr Tomp for the feedback on behalf of the ESB.

The Regional Office presented a report to consider feedback from the Economic Strategy Board on the Pembroke Dock Marine project and approve the formal submission of the full five case business plan to the UK and Welsh Government for approval.

Resolved that:

- 1) The Joint Committee approve the formal submission of the Pembroke Dock Marine full five case business plan to the UK and Welsh Government for approval;
- 2) The Joint Committee grant officers delegated powers to make any minor amendments necessary to obtain that approval.

31 Exclusion of the Public.

The Committee was requested to exclude the public from the meeting during the consideration of the item(s) of business identified in the recommendation to the report on the grounds that it involved the likely disclosure of exempt information as set out in the exemption paragraph of Schedule 12A of the Local Government Act 1972, as amended by the Local Government (Access to Information) (Variation) (Wales) Order 2007, relevant to the item(s) of business set out in the report.

The Committee considered the Public Interest Test in deciding whether to exclude the public from the meeting for the item(s) of business where the Public Interest Test was relevant as set out in the report.

Resolved that the public be excluded for the following items of business.

(Closed Session)

32 Shortlisting of Programme Director.

Paul Thomas, Assistant Chief Executive – People Management, Carmarthenshire Council submitted a report to outline the selection and requirement process to appoint the Swansea Bay City Region Programme Director.

Resolved that:

- 1) The Swansea Bay City Region Joint Committee endorse the identified short listed candidates;
- 2) The Swansea Bay City Region Joint Appointment Committee endorse the Assessment Centre approach;
- 3) Relevant partners/stakeholders be invited to participate in the assessment process.

The meeting ended at 2.44 pm

Dear Mr Moore

RELEASE OF FUNDING FOR SWANSEA BAY CITY REGION CITY DEAL 2019-20

The Welsh Government and the UK Government have committed to provide capital grant funding totalling £241.0 million over 15 years to support the Swansea Bay City Region City Deal (SBCRCD). Of this total, £125.4 million is to be contributed by the Welsh Government and £115.6 million by HM Treasury. The release of any funding is to be managed via the Welsh Government on behalf of both governments.

The attached Award of Funding relates to the award of a combined government funding contribution for 2019-20 to you as the Accountable Body for the SBCRCD.

As set out in the joint ministerial letter of 23 July 2019 from the Minister for Economy and Transport and the Secretary of State for Wales to the leaders of the City and County of Swansea, Neath Port Talbot Council, Carmarthenshire County Council and Pembrokeshire County Council, the award of funding is being made on an exceptional basis.

The award of funding provides for the early and conditional release of funding of **£18.0 million** in 2019-20 for the SBCRCD based on the business cases submitted for the Creative Digital Cluster – Yr Egin and the Swansea City and Waterfront Digital District Projects.

In addition, **up to £18.0 million** of further funding may be made available in 2019-20 to support the SBCRCD, subject to the conditions in the Award of Funding being met and the region submitting business cases for further projects which meet the required standards. As set out in the joint ministerial letter, further project business cases will not be considered by government until the programme planning, governance and delivery requirements and other conditions in the Award of Funding have been delivered to the satisfaction of both governments.

The Award of Funding relates to 2019-20 only and the release of any funding in future years will be conditional on the conditions in the attached being met.

As indicated in the Award of Funding, if you sign and return the letter by 30 November, we will aim to make payment by 31 December. If you have any queries regarding the Award of Funding, please contact me or Nick McNeill (nick.mcneill@gov.wales).

The Heads of Terms in respect of the Swansea Bay City Region City Deal (SBCRCD) included a commitment on the part of the UK Government and the Welsh Government to provide capital grant funding to support the delivery of an approved City Deal Programme of 11 constituent Projects. The release of funding was to be subject to the submission and approval of required Programme documentation and approved Project business cases. It was expected that the grant funding would be provided on a broadly flat profile over the 15-year lifespan of the SBCRCD. This award provides for the exceptional and conditional release of the Funding in 2019-20 for the Programme based on the business cases for two Projects, the Creative Digital Cluster – Yr Egin Project and the Swansea City and Waterfront Digital District Project.

SCHEDULE 1 The Purposes

- 1 This award of Funding is to be used only for the purposes of delivering the SBCRCD Programme as set out in the Heads of Terms.
- 2 The Funding must be used to support expenditure on the Programme based on the business cases for two of the 11 Projects which form the Programme, namely:
 - Creative Digital Cluster – Yr Egin Project; and
 - Swansea City and Waterfront Digital District Project.
- 3 The Funding may only be used to progress the delivery of the Programme and the two Projects specified in paragraph 2 above. You may apportion the Funding between the Programme and the Projects as you deem fit in accordance with the Conditions.
- 4 In the Heads of Terms, the Welsh Government and the UK Government undertook to provide capital grant funding for the SBCRCD to support the delivery of an approved Programme of 11 constituent Projects over the 15-year lifespan of the Programme.
- 5 The Programme was to be underpinned by an approved Implementation Plan and Monitoring and Evaluation Plan, covering all 11 Projects. The

release of funding was to be subject to the submission and approval of required Programme documentation and Project business cases. This Award of Funding on the basis of the business cases for the two Projects referred to in paragraph 2 above represents a deviation from the agreed Programme approach to the approval and release of funding.

Programme Management of the City Deal

- 6 You must establish robust portfolio, programme and project management arrangements for the Programme. This includes implementing all the actions allocated to you in the recommendations of the Independent Review and delivering the Programme documents, governance requirements and capability identified below and in Schedule 2.
- 7 The Programme as set out in the Heads of Terms comprised 11 constituent Projects. The Independent Review included a recommendation that the SBCRCD is to be managed as a portfolio underpinned by an Integrated Assurance and Approval Plan. It is recognised that the ideal composition of programme functions, projects and enabling activities needed to deliver the optimum outcomes will change over the course of the 15-year lifespan of the SBCRCD and that the Programme documentation will need to be adapted and maintained to reflect this. It is also recognised that the Programme composition and some of the 11 constituent Projects identified in the Heads of Terms may need to be reviewed and rescope over the lifespan of the SBCRCD.
- 8 You must provide a complete and up-to-date Implementation Plan and Monitoring and Evaluation Plan which reflect the composition of the Programme at the time the Plans are submitted and no later than the targets shown in Schedule 2.
- 9 You must also develop an Integrated Assurance and Approval Plan and undertake a stocktake of the SBCRCD composition, plans, governance, funding, resources, capacity and capability, to provide assurance as to the readiness of the Swansea Bay City Region to deliver the SBCRCD. The stocktake and assurances should cover, but not be limited to, Project descriptions, timelines, key milestones (eg. procurement) and gateways, staffing and other resources, the plans for securing funding sources and the extent to which these have been secured, and due diligence.
- 10 All Programme and Project documentation must be kept up-to-date following approval.
- 11 The objectives set out in the business cases for the Creative Digital Cluster – Yr Egin Project and the Swansea City and Waterfront Digital District Project must be delivered in line with the timetables and milestones agreed as part of the business cases approved by the joint ministerial letter of 23 July 2019 from the Minister for Economy and Transport and the Secretary of State for Wales to the leaders of the City and County of Swansea, Neath

Port Talbot Council, Carmarthenshire County Council and Pembrokeshire County Council. The letter is at Schedule 4 for ease of reference.

- 12 Where any borrowing has been undertaken in respect of the Purposes, the Funding may be used to pay off the debt principal.

Agreement to early release of funding for Swansea Bay City Deal

Following the publication of the Independent Review of the City Deal in February, we agreed to work at pace in the consideration of the business cases for Digital District and Yr Egin projects and work together to reach a decision on the early release of programme funding. This responds to the findings of the independent review, which recommended both Governments 'aim to reach a swift conclusion' on the Yr Egin and Digital District business cases.

Our officials have expedited a review of the business cases for these projects to meet this commitment and we are now in a position to confirm that we are content in principle to release early and conditional funding for the programme based on the cases for the Yr Egin and Digital District projects, subject to the region's acceptance of appropriate terms and conditions.

The review highlighted the importance of this agreement to instil confidence in the City Deal. We would therefore like to commit to a joint announcement of this agreement for early and conditional release of funding based on the Yr Egin and Digital District projects. Our officials will be in touch to discuss the details.

We would like to take this opportunity to stress the importance of the region agreeing and delivering a clear plan for addressing the remaining recommendations from the independent review and from your joint internal review, particularly the need for robust and complete programme plans. This will be a requirement set out in the terms and conditions of any funding offer and the successful delivery of the recommendations will be necessary ahead of any further projects being formally submitted for approval.

Thank you for your effort and commitment in working to resolve the issues raised. This is a significant positive step demonstrating joint ambition.

Rt Hon Alun Cairns MP Secretary of State for Wales UK Government	Ken Skates AM Minister for Economy and Transport Welsh Government

Recommendation(s):	It is recommended that: 1) Joint Committee agrees that the Interviews for the Programme Director take place on 5 th and 6 th December 2019.
Report Author:	Helen Morgan, Regional Office
Finance Officer:	Chris Moore, Section 151 Officer, SBCD
Legal Officer:	Tracey Meredith, Monitoring Officer, SBCD

1. Introduction

1.1 The closing date for the post of Programme Director was 8th October, 29 applications were received. Joint Committee agreed on 29th October to shortlist 6 candidates.

2. Scoring and Assessment Process

2.1 The scoring and assessment process has entailed assessing each individual candidate over 31 discrete "essential" criteria previously agreed by the Joint Committee and included in the Person Specification for the post. These constitute:

- Three qualification / continuous professional development requirements,
- Eight competency based criteria and
- Twenty other criteria relating to knowledge, experience and personal skills

The process to be used to appoint the successful candidate is largely the same as that used by Carmarthenshire County Council for senior appointments. An Assessment Centre is considered to be a fairer and more accurate way of selecting candidates as it offers the Selection Panel an opportunity to assess a

greater range of job related competencies over a longer period of time. This will take place on 5th and 6th December 2019.

3. Financial Implications

- 3.1 The staffing budget for the running of the Portfolio Management Office, including the post of Programme Director has been agreed and endorsed by Joint Committee

4. Legal Implications

- 4.1 The four councils have agreed to delegate the shortlisting process to the 4 Leaders of the SBCD. The assessment and interview process will be undertaken by the Joint Appointment Committee which will comprise the 4 Leaders and 4 non-executive members appointed by the individual Councils.

Carmarthenshire County Council, as the employing authority, will manage all employment and contractual matters, including support for the recruitment process.
