Agenda Item 7

Swansea Bay City Region Joint Committee - 11 February 2021

Swansea Bay City Deal Quarterly Monitoring Report

Purpose:	To inform Joint Committee of the Quarterly Monitoring Report for both the SBCD Portfolio and its constituent programmes / projects
Policy Framework:	Swansea Bay City Deal (SBCD) Joint Committee Agreement (JCA)
Report Author:	Amanda Burns (Senior Portfolio Support Officer)
Finance Officer:	Chris Moore (SBCD S151 Officer)
Legal Officer:	Tracey Meredith (SBCD Monitoring Officer)
FOR INFORMATION	

1. Introduction

SBCD Quarterly Monitoring Report for the SBCD Portfolio and its constituent projects provides the Joint Committee with a summary of key activity for the last 3 months and current quarter planned activity.

2. Background

Annex A: The SBCD Quarterly Monitoring Report is made up of 2 levels with several components

- Portfolio
 - Communications and Marketing
- Programmes / Project
 - Scorecard with status summary
 - Previous quarter achievements and current quarter planned activities
 - Outputs

- The following Annexes will accompany the report:

Annex B: Integrated Assurance and Approval Plan

The Integrated Assurance and Approval Plan (IAAP) is a tool to plan assurance and approval points from discovery to the final stage of delivery of the Programme/Project lifecycle.

The IAAP has been developed in line with the WG Integrated Assurance Strategy, is a living document and reviewed and updated on a quarterly basis.

Annex C: Portfolio Risk Register

The Swansea Bay City Deal portfolio risk register captures and monitors key portfolio level risks to the delivery of the City Deal and achievement of its aims and objectives.

Annex D: Covid-19 Impact Assessment

The Covid-19 impact assessment is the method used by the Swansea Bay City Deal to assess the potential impact that the Covid-19 crisis has on each of nine programmes / projects and overarching City Deal portfolio.

The assessment will assure the viability and successful delivery of the City Deal programmes / projects during the crisis and recovery stages of the Covid-19 pandemic

Annex E: Accounting Officer Review (AOR) Portfolio Action Plan

The SBCD Portfolio Action Plan available in Appendix A has been developed in response to the recommendations made in the Accounting Officer Review (AOR) in August 2020 and the Gateway 0 review undertaken in July 2020

The Action Plan is a 'live' document, updated and reported on a monthly basis with the potential to expand the scope of the plan to incorporate other work areas of the PoMO. As such it will be the Portfolio Action Plan and a key operational document for overseeing the timely and effective delivery of the forward work programme of the SBCD PoMO.

Considerable progress has been made on the actions identified in response to the AOR Recommendations. Whilst two of the actions have been completed, the majority of the other actions are well underway and are due to be closed off with the submission of the updated Portfolio Business Case by the end of March 2021

3. Financial Implications

There are no financial implications associated with this report

4. Legal Implications

There are no legal implications associated with this report.

5. Alignment to the Well-being of Future Generations (Wales) Act 2015

The SBCD Portfolio and its constituent projects are closely aligned to the Well-being of Future Generations (Wales) Act 2015 and the seven well-being goals for Wales. These alignments are outlined in a Portfolio Business Case for the SBCD, as well as in individual project business cases.

Programme / Project Scorecard

Prog / Proj	Status Update	Delivery	Scope	Staffing Resource	Finance	Stakeholder Engagement	Overall
Digital Infrastructure	The programme has been assessed as Amber / Green via a very recently conducted and thorough external peer stage gate review. Scorecard remains Amber whilst the recommendations from the review are considered and implemented.						
Pembroke Dock Marine	Overall status Red due to awaiting sign off of revised scope and funding agreements. These are impacting all other elements of the programme and the ability to secure and deploy resources to meeting the requirements of the programme						
Pentre Awel	<u>Delivery</u> - Commencement of procurement exercise for zone 1 subject to timely approval of Business Case. Business Case submitted to UK and WG November 2020 following all CCC and City Deal approvals. MoUs signed with academic institutions HoT under development – aligned with business case outputs. <u>Staffing</u> - resources are drawn in from CCC departments/partner organisations as appropriate <u>Finance</u> - City Deal investment decision awaited; institutional investors and funding model to be finalised (n.b. institutional investment not required for Zone 1						
Homes As Power Stations	Project not yet approved. OBC submitted to PoMO December 2020. Project Team revising OBC. Limited formal activity PAR review - June 2020. Project Board established, stakeholder mapping ongoing.						
Supporting Innovation & Low Carbon Growth	OBC in development - due to be formally submitted end January 2021. Project governance in place (SILCG Programme Board) PAR June 2020. CFR Oct 2020 - recommendations being addressed. 2 projects in delivery. Programme Manager to be appointed						
Yr Egin	Economic uncertainty and increasing Covid implications impacting on levels of demand and investment interest. Following Phase 1 Lessons Learned exercise, currently undertaking analysis of future scope and type of facilities required to maintain delivery of project outcomes in development of Phase 2 Strategic Outline Case. Creative Sector demand study commissioned January 2021.						
Swansea City & Waterfront Digital District	Funding agreement discussions are on-going between Swansea Council & UWTSD about the delivery of the box village element of the project. Further City Deal funding drawdown is needed as soon as possible, given spend at risk on the indoor arena element of the project, in particular. The impact of Covid-19 on delivery timeframes, construction costs and tenancy interest in 71/72 The Kingsway (Digital Village) is being continuously monitored. Covid 19 could impact on outputs on the project which is being continually monitored.						
Skills & Talent	Delay in implementing the Skills and Talent programme could impact on the delivery of the skills required by the approved projects. This could lead to projects implementing their own skills plans, which could affect the Skills and Talent initiative, while creating duplication. The project will also not be fully staffed until it has been approved, which is currently a resource challenge						
Life Science, Wellbeing & Sport Campuses	Conflicting priorities continue, (i.e. COVID) which may impact progress on delivery, although sufficient engagement from stakeholders continue via working group structures. Project teams have limited resource, existing teams continue efforts to progress project. Outline Business Case has now been informally submitted pending review/feedback from SBCD and consultants (Grant Thornton). A review of resource will take place over coming months. Original scope has been successfully maintained in line with the monies available.

Guidance

An Integrated Assurance and Approvals Plan is a tool to plan assurance and approval points from discovery to the final stage of delivery of the Programme/Project lifecycle. Each programme and Programme/Project should have an IAAP that covers independent assurance reviews.

An IAAP should be developed using a risk-based approach to ensure that the assurance provision is both proportionate and meets the needs of all those parties requiring an assurance. It should take into account Programme/Project milestones and planned assurance activities. A programme IAAP should take into account the assurance coverage of its constituent Programme/Projects.

1st Line Assurance will be provided by the Programme/Project itself through its governance. The IAAP covers 2nd Line Assurance, which refers to independent assurance provided within the Organisation and 3rd Line Assurance, which refers to assurance or scrutiny provided by external organisations.

This IAAP has been developed in line with the WG Integrated Assurance Strategy and is a living document. It should be periodically reviewed and updated and if appropriate, after each assurance review, change in scope or in the risk potential of the Programme/Project. The IAAP should be maintained until the Programme/Project is closed and delivery responsibility passes to the operational business.

The IAH offer support in the completion of the IAAP tailoring it to suit the specific needs of the Programme/Project.

The Risk Potential Assessment should be completed as soon as possible in consultation with the IAH (assurance@gov.wales) so that they can consider how to advise on the necessary assurance reviews in time to keep the initiative on track.

Swansea Bay City Deal COVID-19 Economic Impact Assessment

Version control: V1.3
Assessment date: 05/10/20
Completed by:

Project phase:
Review date(s):

The Covid-19 impact assessment is the method used by the Swansea Bay City Deal to assess the potential impact that the Covid-19 crisis has on each of nine projects and overarching City Deal programme. Recognising that the national and regional economic recovery will rely upon City Deal projects to support and stimulate national and regional economic growth and attract inward investment during these times of uncertainty.

The assessment will assure the viability and successful delivery of the City Deal projects during the crisis and recovery stages of the Covid-19 pandemic. This assessment will compliment existing City Deal governance procedures and documentation and any Covid-19 recovery plans for all primary stakeholders. It is envisaged that risks impacting the project and mitigations to overcome them will be dealt with at project level. Any risks deemed to place significant pressures on the project or overarching programme such as significantly changing the project scope, significant variance in the defined project outputs, significant stage gate delays or continued commitment from key stakeholders, will be assessed by the Regional Programme Office and escalated to Joint Committee for appropriate intervention and decision. In the event that a project is exposed to have significant risk and impact, a task and finish group will be established to gather evidence, identify mitigations and determine an appropriate course of action.

Page 37

The process to gather the required information, assess its impact and determine appropriate mitigations and decisions is outlined below:

1. Define assessment scope and areas of focus
2. Identify key risks in the Risk Assessment worksheet and assess the level of risk associated with each
3. Analyse the potential impact of these risks in the Impact assessment worksheet
4. Identify corrective action and level of intervention
5. Report to Joint Committee, Programme Board and Economic Strategy Board
6. Disseminate findings regionally and to Welsh and UK Government

Identify project risks associated with the Covid-19 in the table below and determine to what extent they affect the impact criterion (blue shaded section):
 Note: Once the above is complete, move to the impact assessment matrix worksheet before completing the Corrective action section (red shaded section)

Pentre Avel													

1	Higher Education sector becomes financially compromised	Medium	Medium	Low	Medium	Medium	Low	Low	Medium	The courses under development for Pentre Awel are in areas of targeted skills shortages and which have been critical to the COVID-19 effort. Courses to be included are amongst those targeted for growth. Subsequently, projected student numbers/throughput at the Village are likely to be maintained. We will engage with our academic partners to understand and manage any impact and to ensure that the project benefits from any linked growth in student numbers. Education, Skills and Training programmes can be apportioned across number of HE providers should the need arise.	Proactive dialogue and fast track any new subject areas identified as having potential for growth. Maintain links with Universities to inform current round of their Higher Education and Improvement Wales (HEIW) growth bids.	All MoUs confirming intent to delivery at Pentre Awel aligned with their strategic objectives and Business Case. Heads of Terms discussions underway.	Jan-21
2	Ability to secure institutional funding	Medium	Medium	Medium	High	Low	Low	Low	Low	Prior to covid positive feedback received from selected funders. One of which has re-engaged and is currently preparing funding bid. The understanding is that this type of investment is likely to be more attractive going forward than for example office/retail investment. Financial consultant maintained to ensure a proactive approach to securing institutional investment.	Proactive management of approach to investors to ensure that CCC can maintain flexibility to progress with optimal funding in the changing market.	Planning complete funding anticipated to be confirmed March/Apri.	Jan-21
3	Uncertainty in construction sector/costs	Low	Low	Medium	Low	Low	Medium	Medium	Low	The construction of phase one will be procured through the South West Wales Contractors Framework, Lot 1. The companies have been assessed ahead of inclusion on the framework and there is no indication that this situation has changed. Suggestions are that price competition will be keen in the timescale proposed. Consultants Arup will be able to undertake informal pre-market engagement with contractors to ascertain their recovery period and ability to mobilise within the current project programme.	Ongoing market monitoring. Advanced notification to contractors on the SWWRCF ahead of procurement exercise.	Significant Early Market Engagement undertaken with contractors Nov-Dec 2020. Feedback used to inform procurement strategy.	Jan-21
4	Delays in project programme	Low	Medium	Medium	Medium	Low	Low	Low	Low	Momentum has been maintained. RIBA stage 3 work has been submitted, distribution of report has commenced to Directors and will be sent for specialist internal oversight as appropriate. Ecology work commissioned and assessed for social distancing to ensure the requisite surveys and pre-commencement works can be undertaken over the summer months. This will avoid any delay in construction commencing on site. COVID-19 may have an impact on construction contractors ability to mobilise to current project programme.	Proactive management through procurement process	Business Case submitted to UK/WG. Decision awaited. Tender documentation in preparation - target for publication in January 2021.	Jan-21
6	Changed partner priorities owing to COVID-19	Low	Low	Low	Low	Low	Low	Low	Low	The areas of work under consideration are those focused on health research (e.g. respiratory). Design specification to be updated as appropriate throughout RIBA stage 4 to reflect partners' priorities. This will ensure Pentre Awel is fully optimised to meet the latest research, health and education requirements.	Dialogue ongoing to ensure Pentre Awel provides a pipeline of education and skills programmes. Via community benefits, we will ensure that the project/contractor supports the emerging COVID-19 jobs market by offering apprenticeships, placements and skills development programmes. Joint business planning with research partners. Explore further covid-19 related opportunities.	Continued dialogue with education, business and research tenants. Ensuring compliance with the outputs and CSF of the City Deal business case and the strategic priorities of the organisations.	Jan-21
7	Delay in securing approval for City Deal Funding	Low	Medium	Medium	High	Low	Low	Low	Low	Full Business Case redrafted and prepared for resubmission. Business case identified as a priority for gateway process.	Business Case submitted to City Deal and CCC governance structure. Approval gained from ESB, Programme Board, Executive Board and Joint Committee Presentation to Full Council held November 2020.	Business Case submitted to UK/WG. Decision awaited. Feedback session with Govts 18/01/2021.	Jan-21

Suggested project categories relating to the risk and impact assessment score are as follows:

Project Risk and Impact Score	Suggested Project Category	Intervention
100+	A	Joint Committee commissioned task and finish group to conduct an in-depth review
50-99	B	Intervention required. Monitored and supported by the Regional Programme Office in conjunction with Project Team
25-49	C	No intervention required. Continue to monitor locally with support from the Regional Programme Office
0-24	D	No intervention required. Continue to monitor at a project level

The context in which the project operates and an element of common sense will be considered alongside the impact score to ensure that the right level of intervention and monitoring is in place for the successful delivery of the project.

Agenda Item 8

Swansea Bay City Region Joint Committee - 11 February 2021

Swansea Bay City Deal Change Control Procedure

Purpose:	To propose a fit for purpose Change Control Procedure for the reporting and approval of Change requirements of the associated programmes and projects within the SBCD
Policy Framework:	Swansea Bay City Deal (SBCD) Joint Committee Agreement (JCA)
Recommendation(s):	It is recommended that the Joint Committee: 1) Approves in principle the Change Control Procedure at Appendix A. 2) Delegates to the Portfolio Office Director/S.151 Officer authority to make any further amendments to the Procedure
Report Author:	Phil Ryder (Portfolio Office Manager)
Finance Officer:	Chris Moore, Section 151 Officer, SBCD
Legal Officer:	Tracey Meredith, Monitoring Officer, SBCD

1. Introduction

The SBCD is an unprecedented investment in the Swansea Bay City Region, which has the power to significantly boost regional economic prosperity. Change is an inevitable element of programme and project delivery and as outlined within the approved Portfolio Business Case a suitable Change Management Strategy has been devised.

2. Background

The SBCD Change Management Strategy is part of the SBCD Portfolio Business Case.

The Swansea Bay City Deal is a Portfolio made up of 9 programmes / projects with delivery across South West Wales by 8 Key Stakeholders, Delivery Partners and Lead Authorities with a projected investment of between £1.15bn and £1.3bn.

Due to the nature of Projects and Programmes there will inevitably be a need for change thus providing the requirement for a change control process.

The Association for Project Management defines change control as “*the process through which all requests to change the approved baseline of a project, programme or portfolio are captured, evaluated and then approved, rejected or deferred.*”

The Change Control Process will detail the potential impacts and benefits for stakeholders, how stakeholders will be engaged to understand the impact (positive or negative) of the change and how the changes will be communicated, implemented and managed.

Threshold limits will be developed in consultation with and approved by Programme (Portfolio) Board, will be based on evidence of existing programmes / projects in delivery within the SBCD Portfolio and will be intrinsic to the application of the change control procedure

The change control strategy and plan will be owned by the Portfolio Board and will highlight the changes that result from projects and programmes at project, programme and portfolio level.

The process for change management is outlined below and covers all aspects of change that will have an impact to any deliverables, objectives and benefits agreed as part of the approval process undertaken for all aspects of the Projects, Programmes or the Portfolio.

The change is likely to affect at least one of the following categories:

- Impact the total cost;
- Consequential impact on funding
- Impact the completion of delivery of output(s)/ key milestones;
- Impact the quality outlined within the business case for the specified Project/Programme
- Impact the benefits outlined within the business case for the specified Project/Programme;
- Impact the GVA, jobs created or inward investment.

Any changes resulting in a variance in these areas must follow this change control process, it is important to note that changes can be both positive and negative.

3. Financial Implications

This procedure outlines protocol for the amendment to the scope and/or objectives of programmes within the Swansea Bay City Deal portfolio. Financial implications could arise in the form of clawback or reduced funding should Portfolio objectives change or fail to be achieved. However, this procedure's purpose is to manage these objectives engaging with UK and Welsh Government to ensure there is a robust process to control any amendment or change to portfolio objectives to reduce or mitigate financial risk.

Welsh government has acknowledged that the portfolio scope and objectives will change overtime and this report will be forwarded on to them to support any change to the portfolio.

4. Legal Implications

Any implementation of a change control process will need to align with funding agreements.

1 - Purpose

Purpose is to provide an acceptable procedure for the delivery of change requirements for the duration of the Swansea Bay City Deal Portfolio.

2 – Background

The Swansea Bay City Deal is a Portfolio made up of 9 programmes / projects with delivery across South West Wales by 8 Key Stakeholders, Delivery Partners and Lead Authorities with a projected investment of between £1.15bn and £1.3bn.

Due to the nature of Projects and Programmes there will inevitably be a need for change thus providing the requirement for a change control process.

The Association for Project Management defines change control as *“the process through which all requests to change the approved baseline of a project, programme or portfolio are captured, evaluated and then approved, rejected or deferred.”*

The Change Control Process will detail the potential impacts and benefits for stakeholders, how stakeholders will be engaged to understand the impact (positive or negative) of the change and how the changes will be communicated, implemented and managed.

The change control strategy and plan will be owned by the Portfolio Board and will highlight the changes that result from projects and programmes at project, programme and portfolio level.

3 – Items to be considered

The process for change management is outlined below and covers all aspects of change that will have an impact to any deliverables, objectives and benefits agreed as part of the approval process undertaken for all aspects of the Projects, Programmes or the Portfolio.

The change is likely to affect at least one of the following categories:

- Impact the total cost;
- Impact the completion of delivery of output(s)/ key milestones;
- Impact the quality outlined within the business case for the specified Project/Programme
- Impact the benefits outlined within the business case for the specified Project/Programme;
- Impact the GVA, jobs created or inward investment.

Any changes resulting in a variance in these areas must follow this change control process, it is important to note that changes can be both positive and negative.

4 – Change log Management and collation

As part of the Portfolio Business Case and associated Monitoring and Evaluation Plan the Portfolio Management Office will keep a change log which will record all changes within the Portfolio. Change control reporting will take place for all SBCD Portfolio change and include full summarisation for significant change and notification only of minor change, reporting appropriately to the following levels of Governance at the prescribed frequency following the respective project, programme or portfolio board:

- Portfolio Board;
- Joint Committee;
- Welsh and UK Government;
- Economic Strategy Board
- Joint Scrutiny Committee

It is therefore a requirement of the individual project or programme to forward their respective change log following their reporting at their scheduled project or programme board. The Portfolio Management office will then collate this information into a Portfolio Change log for the purposes of reporting, monitoring, evaluating, and informing.

The minimum expected information will include:

- Change ref/ID
- Description of change
- Owner/originator/identifier
- Impact of change – cost, timeline, quality, benefits, portfolio objectives
- Approval status
- Approver/approval level required

6 – Threshold limits

Threshold Limits for approval at the following levels require further consideration:

- Project/Programme
- Portfolio Board
- Joint Committee
- Welsh/ UK government

Until appropriate limits can be agreed it is anticipated that any significant change to the programme or project in the following areas

- Impact the total cost;
- Impact the completion of delivery of output(s)/ key milestones;
- Impact the quality outlined within the business case for the specified Project/Programme
- Impact the benefits outlined within the business case for the specified Project/Programme;

or any change to the Portfolio objectives will need to be reported accordingly.

- Impact the GVA, jobs created or inward investment.

All other minor changes that do not significantly affect the areas above continue to be approved by the Project/Programme until thresholds are agreed but the PoMO need to be informed of any changes.

All changes are subject to the terms and conditions set out in the respective funding awards and respective funding agreements.

Within the legal funding agreements there is potential for permissible change to the project scope or outputs providing the changes follow the approved change control procedure. This is detailed within clause **6.3 Project Agreed Outputs** of both primary and secondary funding agreements as outlined below:

“Any Party to this Agreement may propose a change to the Project Agreed Outputs by serving a Request for Change to the Project Agreed Outputs on the other Party. Such Request for Change to the Project Agreed Outputs on the other Party shall be in writing and shall identify the change proposed. The Project Authority Lead shall submit any Request for Change to the Project Agreed Outputs to the Accountable Body who may request the Joint Committee to seek approval from the Welsh Government. A Request for Change to the Project Agreed Outputs shall not come into effect until it is approved by either the Accountable Body or the Welsh Government”

Agenda Item 9

Swansea Bay City Region Joint Committee - 11 February 2021

Swansea Bay City Deal Portfolio Governance Evaluation

Purpose:	To inform the Joint Committee of the Governance Evaluation work and put forward recommendations for consideration
Policy Framework:	Swansea Bay City Deal Joint Committee Agreement
Recommendation(s):	It is recommended that the Joint Committee: 1) Approves in principle the Governance Evaluation report attached at Appendix A and that further work be undertaken to implement the recommendations.
Report Author:	Amanda Burns
Finance Officer:	Chris Moore, Section 151 Officer, SBCD
Legal Officer:	Tracey Meredith, Monitoring Officer, SBCD

1. Introduction

In June 2020, the Gateway 0 review into the SBCD Portfolio recommended evaluating the merit of differentiating the accountabilities for strategic oversight and delivery control, thus empowering the Joint Committee (JC) and Programme Board (PB) to exercise its function with agility and in line with the delivery tempo of the programme,

2. Background

A total of 14 conversations were held between the Portfolio Management Office (PoMO) and a cross profile of representatives from each of the organisations that make up JC and PB to seek their views on how the Governance Boards currently operate and how they could run more efficiently, to strengthen the understanding of stakeholders' role and enhance the current reporting, governance and assurance arrangements.

The Report is split into 4 sections, namely:

- a. Frequency of meetings
- b. Role of Joint Committee
- c. Documentation
- d. Representation

In total 16 recommendations are put forward in the report to be considered by Joint Committee

3. Financial Implications

There are no financial implications associated with this report

4. Legal Implications

The SBCD is governed by the Joint Committee Agreement which provides for the establishment of a Joint Committee, Programme Board and Joint Scrutiny arrangements and enables the constituent authorities to work together to establish and participate in a joint committee.

Consideration needs to be given as to whether any of the recommendations would necessitate changes to the Joint Committee Agreement. For example, the Agreement does not provide for a Portfolio Board and so an amendment would be needed to the Agreement.

5. Alignment to the Well-being of Future Generations (Wales) Act 2015

The SBCD Portfolio and its constituent projects are closely aligned to the Well-being of Future Generations (Wales) Act 2015 and the seven well-being goals for Wales. These alignments are outlined in a Portfolio Business Case for the SBCD, as well as in individual project business cases.

Background Papers: None.

Appendix A: SBCD Portfolio Governance Evaluation

SBCD Portfolio Governance Evaluation (Appendix A)

1. Introduction

- 1.1 To evaluate the merit of differentiating the accountabilities for strategic oversight and delivery control, thus empowering the Joint Committee (JC) and Programme Board (PB) to exercise its function with agility and in line with the delivery tempo of the programme, as recommended in the Gateway 0 review into the SBCD Portfolio.
- 1.2 To strengthen the understanding of stakeholders' role and enhance the current reporting, governance and assurance arrangements.
- 1.3 A total of 14 conversations were held between the Portfolio Management Office (PoMO) and a cross profile of representatives from each of the organisations that make up JC and PB to seek their views on how the Governance Boards currently operate and how they could run more efficiently.
- 1.4 The report will be split into 4 sections, namely:
 1. Frequency of meetings
 2. Role of the Joint Committee / Programme Board
 3. Documentation
 4. Representation
- 1.5 The report notes 16 recommendations that will be discussed at the next JC / PB. Annex A lists all recommendations.

2. Frequency of Meetings

- 2.1 The PB meet monthly before each JC and Economic Strategy Board (ESB).

Evaluation Summary

- 2.2 All JC and PB members are in 100% agreement that the current frequency of meetings is appropriate whilst programmes / projects transition from initiation into delivery. Potential to review this at the end of financial year as majority in agreement these could move to bi-monthly meetings.
- 2.3 Joint Scrutiny Committee (JSC) should be the main gatekeeper for decision making at JC, with this in mind meetings need to be more regular. Also noted that meetings have been cancelled lately.
- 2.4 Opportunity for JC / JSC / PB to get together bi-annually to cover delivery status of programmes / projects and do a horizon scan / forward look for the next 6 months.

Recommendation

- (1) Agenda item to be added to March Joint Committee / Programme Board to consider bi-monthly meetings going forward.
- (2) JC to review the frequency of JSC meetings.
- (3) Hold a bi-annual seminar for JC / JSC / PB to look at programme / project delivery and 6-month projection.

3. Role of the Joint Committee / Programme Board

As stated in the Terms of Reference:

- 3.1 The Joint Committee has ultimate responsibility and accountability for decisions taken in relation to the Swansea Bay City Deal's Heads of Terms, in line with the visions and interests of all participating parties and the City Deal document signed on 20th March 2017.
- 3.2 The PB have 4 distinct roles:
 - Preparing recommendations on the overall City Deal programme
 - Supporting programme / project development
 - Monitoring programme / project development
 - To work on a regional basis to improve public services

Evaluation Summary

- 3.3 The majority of JC / PB members had a positive reaction to how the meetings have evolved over the last 6/8 months and trust has been re-established between partner organisations resulting in meetings becoming more organised and focused, however there is room for improvement regarding functionality of meetings.
- 3.4 All JC / PB members understood their role, however there was a difference in opinion over a few matters. Some members questioned how robust the process is when it comes to challenge from the PB and felt there was a lack of challenge in documentation being presented prior to submission to JC and could benefit from having more feedback than what is currently received.
- 3.5 When asked whether the PB would benefit from having some responsibility in matters requiring decision there were mixed reviews. Whilst all members saw the ownership of strategic decisions sitting with the JC, some members felt there was appetite for operational decisions to be delegated down to Programme Board.
- 3.6 Several members expressed an interest in creating more opportunities for ESB to be more involved in programme / project development in order to add maximum value. Several members also felt the link between JC / PB and ESB could be improved.
- 3.7 Several members mentioned that PB should consider how programmes / projects are networking as there is potential for collaborative working. There is also a benefit of holding Workshops outside of PB where programmes / projects can share experiences such as Lessons Learned at critical delivery phases.

3.8 Confusion that meetings are still referred to as Programme Boards rather than Portfolio Boards.

Recommendations

- (4) For the PB to provide a clear steer on direction of programmes / projects, governance and documentation presented, to guide the SBCD Portfolio through deliberation, support and action. Meetings to be more succinct to allow time for discussion and feedback.
- (5) Deliberation required on whether a level of decision making becomes part of PB responsibilities. Report required on how this may look.
- (6) JC / PB Agenda and minutes to be shared with ESB.
- (7) ESB members / Chair to be invited to PB for discussion on feedback at an appropriate frequency.
- (8) PB members and Programme / Project Teams to have the opportunity to submit Agenda items for consideration.
- (9) Future meetings to be re-named Portfolio Board and all documentation to align.

4. Documentation

4.1 All reports prepared by the Board pertaining to City Deal and regional or sub-regional matters, once approved by the Board will be submitted 'as draft' to the Joint Committee for approval via the Regional Office.

Evaluation Summary

- 4.2 Majority of members mentioned there has been a vast improvement in the quality and consistency of reports submitted the past 6 months and noted there is a very clear and consistent process in terms of best practice.
- 4.3 Monitoring and reporting of performance metrics for the SBCD ensures the effective management and delivery of the portfolio and its constituent programmes / projects. The majority of members stated they found the SBCD Monitoring report extremely useful, which is presented on a quarterly basis at both JC and PB and focuses on whether the delivery of the portfolio is proceeding as planned and in a timely manner focuses on programme / project inputs and output. A few members found the amount of detail provided in the Monitoring report to be slightly overwhelming but confirmed they would prefer to see more detail than less so can pick out the key information relevant to them and cascade within their organisations. Most JC members stated the information presented needs to be focused and direct so clear decisions can be made where required.
- 4.4 Most members also found the SBCD Portfolio Highlight report to be very useful, which is presented to both JC and PB on a monthly basis and focuses on key achievements and risks. Members also found the use of graphics to be a nice addition.
- 4.5 When members were asked in terms of reporting what would benefit them going forward, 100% found simpler and more concise executive summaries would be an extremely useful mechanism of pulling out the key information from reports.

- 4.6 Process for signing off reports need to be documented. If there are no or minor changes in papers that are sent for financial / legal approval between PB and JC, they shouldn't need to be subject to a second approval.
- 4.7 Some members noted that previous JC / PB meetings have seen non SBCD related items presented. Future consideration needs to be given on when / where to present, to not deviate from the main focus of the governance arrangements which is to deal with SBCD Portfolio related items.
- 4.8 When asked what you feel is missing from current Boards, a few members suggested adding a standard agenda item to focus on a particular programme / project. This would rotate between each of the 9 programmes / projects and provide the Board with more visibility of progress and allow them to provide In-depth support.
- 4.9 Guidance from the Welsh Language Commissioner advises that all presentations at Board meetings should be bilingual to operate in a context where the Welsh language has official status in Wales.

Recommendations

- (10) Executive summaries to be provided at the meetings for all reports submitted either verbally / via presentation, ensuring programme management terminology is clear and concise.
- (11) Reports presented at PB that have no or minor changes do not require further sign off prior to submission to JC.
- (12) Discussion and decision required on whether non SBCD related items should be brought to JC and PB.
- (13) Invite alternate programme / project leads to future meetings to give a more in-depth update on current status, which also gives them regular access to PB members.
- (14) Decision required on how to comply with the Welsh language standards at JC / PB.

5. Representation

Joint Committee

- 5.1 Each of the Councils shall appoint its leader or equivalent as its representative as a member of the Joint Committee and all such members shall have full voting rights.

Each Council may appoint a deputy for its member on the Joint Committee who may attend meetings of the Joint Committee as a substitute for the Council's appointed member on the Joint Committee. However, such deputy shall only be entitled to attend meetings of the Joint Committee in the absence of the Council's appointed member.

The Accountable Officer or their representative shall be entitled to attend meetings of the Joint Committee but shall not have a vote.

The head of paid service of each of the Councils shall be entitled to attend meetings of the Joint Committee but shall not have a vote.

The Joint Committee may co-opt the following Members: Swansea University, Trinity Saint David, Abertawe Bro Morgannwg Health Board and Hywel Dda Health Board as appropriate however these bodies shall not have a vote.

Programme Board

- 5.2 The Swansea Bay City Region Programme Board consists of the Chief Executives from each of the Councils or another officer nominated by the Chief Executive.

The Programme Board co-opt additional representatives to the Board. Members include the following:

Swansea University
University of Wales Trinity St David
Hywel Dda University Health Board
Swansea Bay University Health Board

Evaluation Summary

- 5.3 Having optimal representation at Programme Board is critical to the success of the SBCD Portfolio.
- 5.4 Programme Board benefits from having a mix of executive leadership and practitioners. This creates a balance of hands on experience and people who are agents of change. Some members felt due to being more involved / hands on with the programmes / projects the meetings could benefit from having SRO's in attendance or there could be an opportunity to set up a subgroup.
- 5.5 All members agreed that the current membership for JC is fit for purpose.
- 5.6 Some members felt frustration on occasions in maintaining quoracy throughout JC / PB meetings where attendance at PB of some organisations have been quite sporadic. Need to ensure the right level of representative attends if the meeting is delegated.

Recommendations

- (15) Discussion to be held on whether SRO's need a more active role in PB.
- (16) Create a delegate list for JC / PB to document who can represent in members absence (Action raised at PB 26th November).

Recommendations

- (1) Agenda item to be added to March Joint Committee / Programme Board to consider bi-monthly meetings going forward.
- (2) JC to review the frequency of JSC meetings.
- (3) Hold a bi-annual seminar for JC / JSC / PB to look at programme / project delivery and 6-month projection.
- (4) For the PB to provide a clear steer on direction of programmes / projects, governance and documentation presented, to guide the SBCD Portfolio through deliberation, support and action. Meetings to be more succinct to allow time for discussion and feedback.
- (5) Deliberation required on whether a level of decision making becomes part of PB responsibilities. Report required on how this may look.
- (6) JC / PB Agenda and minutes to be shared with ESB.
- (7) ESB members / Chair to be invited to PB for discussion on feedback at an appropriate frequency.
- (8) PB members and Programme / Project Teams to have the opportunity to submit Agenda items for consideration.
- (9) Future meetings to be re-named Portfolio Board and all documentation to align.
- (10) Executive summaries to be provided at the meetings for all reports submitted either verbally / via presentation, ensuring programme management terminology is clear and concise.
- (11) Reports presented at PB that have no or minor changes do not require further sign off prior to submission to JC.
- (12) Discussion and decision required on whether non SBCD related items should be brought to JC and PB.
- (13) Invite alternate programme / project leads to future meetings to give a more in-depth update on current status, which also gives them regular access to PB members.
- (14) Decision required on how to comply with the Welsh language standards at JC / PB.
- (15) Discussion to be held on whether SRO's need a more active role in PB.
- (16) Create a delegate list for JC / PB to document who can represent in members absence (Action raised at PB 26th November).
