

Article 10 - Area Committees and Forums

Area Committees

The Council may appoint, as it sees fit, Area Committees for the purposes of developing its policy and service delivery framework, particularly in relation to its community planning functions, if it is satisfied that to do so will ensure improved service delivery in the context of best value and provide more efficient, transparent and accountable decision making.

In areas with Community or Town Councils and Community Meetings, the Council will consult with relevant Community and Town Councils and the Chairmen of relevant community meetings when considering whether and how to establish Area Committees.
