Appendix B - Integrated Impact Assessment Screening Form

Q2b) Welsh Language Impacts

How does your proposal ensure that you are working in line with the requirements of the Welsh Language Standards (Welsh Language Measure (Wales) 2011)? (beyond providing services bilingually)	
a) To ensure the Welsh language is not treated less favourably than the English language	The proposal is a property disposal of Council owned land forming part of an LDP Strategic Development site, with a large housing allocation. It is a planning requirement that a new school and a community hub will be developed if/when the land is sold for housing development. The proposal seems to have little impact either way although, the sale will provide revenue which funds all Council activities, including promotion of the Welsh language.
b) That every opportunity is taken to promote the Welsh language	As above
c) Increase opportunities to use and learn the language in the community	As above

Q3 What involvement has taken place/will you undertake e.g. engagement/consultation/co-productive approaches? Please provide details below – either of your activities or your reasons for not undertaking involvement

The rationale for allocating this land for development will have been the subject of a separate business case and consultation by Planning colleagues. Sale of the surplus property will have formed part of the business case and should generate some form of capital receipt for the authority whilst disposal may contribute with the regeneration of the area, a new school, a community Hub and some job opportunities.

Q4 Have you considered the Well-being of Future Generations Act (Wales) 2015 in the development of this initiative:

- a) Overall does the initiative support our Corporate Plan's Well-being Objectives when considered together?
 Yes No
- b) Does the initiative consider maximising contribution to each of the seven national well-being goals?
 Yes No
- c) Does the initiative apply each of the five ways of working?
 Yes No
- d) Does the initiative meet the needs of the present without compromising the ability of future generations to meet their own needs?
 Yes No

Q5 What is the potential risk of the initiative? (Consider the following impacts – equality, socio-economic, environmental, cultural, legal, financial, political, media, public perception etc...)

High risk

Medium risk

Low risk

Appendix B - Integrated Impact Assessment Screening Form

Q6 Will this initiative have an impact (however minor) on any other Council service?

- Yes **If yes, please provide details below**
Capital receipt from sale may be used to fund Corporate objectives.

Q7 Will this initiative result in any changes needed to the external or internal website?

- Yes No **If yes, please provide details below**

Q8 What is the cumulative impact of this proposal on people and/or communities when considering all the impacts identified within the screening and any other key decisions affecting similar groups/ service users made by the organisation?

The development of new homes is a council objective. Building homes creates employment and brings economic benefits and increased social housing provision. Development of this site requires funding for a new school and a Community Hib, which are considered to bring community benefits. The planning process provides opportunity for community engagement. The reasonable conclusion must be that there is no detrimental cumulative impact whatsoever.

Outcome of Screening

Q9 Please describe the outcome of your screening using the headings below:

- **Summary of impacts identified and mitigation needed (Q2)**
- **Summary of involvement (Q3)**
- **WFG considerations (Q4)**
- **Any risks identified (Q5)**
- **Cumulative impact (Q7)**

No impacts identified requiring mitigation. Disposal will enable development which meets policy objectives. And may further contribute to the regeneration agenda, provide additional housing, and job opportunities A new school and community hub will also be funded. Therefore, we conclude that there are no WFG considerations, limited or no risks and no cumulative impact.

(NB: This summary paragraph should be used in the **‘Integrated Assessment Implications’** section of corporate report)
