Enabling Communities fund

Develop one brand and grant scheme 'Enabling Communities' that provides three distinct elements (Swansea Spaces, COAST and Holiday Food).

This brand would provide 1 portal for applicants to apply for grant funding for the provision of Swansea Spaces, things to do and food for school aged children throughout the Winter over holidays and weekends.

Feedback and evaluation from participants and projects have highlighted the need and impact of each element.

This approach would reduce administration for both council officers and providers.

Suggested budget £430,000

Q6 Will this initiative have an impact (however minor) on any other Council service?

Yes

No

If yes, please provide details below

The fund can be utilised to support council initiatives and priorities. These will go through the same process as non-council applications.

Q7 What is the cumulative impact of this proposal on people and/or communities when considering all the impacts identified within the screening and any other key decisions affecting similar groups/ service users made by the organisation?

(You may need to discuss this with your Service Head or Cabinet Member to consider more widely if this proposal will affect certain groups/ communities more adversely because of other decisions the organisation is making. For example, financial impact/poverty, withdrawal of multiple services and whether this is disadvantaging the same groups, e.g., disabled people, older people, single parents (who are mainly women), etc.)

Building on from the COAST was an activities programme which provides one off, or a limited series of activities for school holiday periods. Dependent upon how the fund grants are awarded there is potential to impact all aspects of society, however spending is limited both by time and budget, and demand outstrips the funds allocated, Whilst the activities can make major impact on individual holiday experience, levels of finance available and the nature of many of the one off activities conclude COAST will have a minor long term impact on communities.

Outcome of Screening

Q8 Please describe the outcome of your screening below:

- Summary of impacts identified and mitigation needed (Q2)
- Summary of involvement (Q3)
- WFG considerations (Q4)

- **Any risks identified (Q5)**
- **Cumulative impact (Q7)**

Enabling Communities is a fund which awards grants to community and third sector organisations for Children and families and over 50s to provide free at point of delivery activities for School holiday period(s).

Dependent upon how the fund grants are awarded there is potential to impact all aspects of society, however spending is limited both by time and budget and demand outstrips the funds allocated, whilst the activities can make major impact on individual holiday experience, levels of finance available and the nature of many of the one off activities conclude Enabling Communities will have a minor long term impact.

The funding provides positive school holiday experiences rather than longer term policy risks, hence council's reputation will not be at risk.
