

Scrutiny & Monitoring of External Audit / Inspection / Regulatory Reports (2024/25)

The Chair of the Governance & Audit Committee and Chair of the Scrutiny Programme Committee decide between them the route that specific reports should take, i.e., whether reported to and monitored by G & A Committee or SPC, as deemed appropriate.

External reports that are relevant for Scrutiny are allocated either to the Scrutiny Programme Committee or referred to relevant Scrutiny Performance Panels and scheduled for discussion, as appropriate.

When a report has been issued to the Council and is available for Scrutiny, the relevant Scrutiny Chair / Convener is made aware, and it can be highlighted to Committee / Panel members within the next available meeting agenda.

Reporting to Scrutiny will typically require relevant Cabinet Members / Officers to attend meetings to discuss implications and present action plans along with statements about progress. Scrutiny Officers will engage with relevant Cabinet Members / Officers to forward plan the scheduling of Committee / Panel discussion at the right time, e.g., with a response / action plan (showing any progress to date), making the best use of time given pressure on scrutiny work plans / workloads.

The Committee / Panel can then receive assurance from Council leads about their response to any external reports and provide challenge to ensure improvement, making observations, and arranging further monitoring as necessary.

Depending on content, every report may not require the same level of involvement and consideration (given degree of importance or interest) therefore it will be up to relevant scrutiny lead member(s) to determine best approach in dealing with relevant reports. In certain cases, the Committee / Panel may take an exceptional approach to reports, e.g., being provided with information outside of meetings and only scheduling for discussion at a meeting with relevant Cabinet Member / Officer where there are specific issues, concerns about action / progress. Flexible approaches will relieve pressure on workloads and ensure best use of time and resources.

The Governance & Audit Committee is provided with a log of reports being dealt with by Scrutiny so that it can maintain an oversight of monitoring and be assured that reports are being effectively followed up.
