Application **REFUSED** contrary to officer recommendations for the following reasons:

The proposal, in combination with existing Houses in Multiple Occupation (HMOs) within St Helen's Avenue will result in a harmful concentration and intensification of HMOs in the street and wider area. This cumulative impact will result in damage to the character of the area and social cohesion with higher levels of transient residents and fewer long term households and established families. Such impact will lead in the long term to communities which are not balanced and self-sustaining. As a result the proposal is contrary to Policy HC5 criterion (ii) of the Swansea Unitary Development Plan (2008) and the National Policy aims set out in Planning Policy Wales (Edition 9, November 2016) of creating sustainable and inclusive mixed communities.

(3) the undermentioned planning application **BE APPROVED and REFERRED to CADW** subject to the amended conditions indicated below:
