Dear Councillor Jones

CABINET MEMBER QUESTION SESSION – 14 AUGUST

Thank you for your letter dated 13 September 2017 in which you raised a number of questions and queries on behalf of members of the Scrutiny Programme Committee. I have addressed the issues you raised in this letter.

Houses in Multiple Occupation

Following the resolution of the Planning Committee in July this year to not approve the previously produced version of HMO planning guidance, the Planning Authority has re-commissioned consultants Litchfields to work in partnership with the Council to produce a revised document. The production of a revised document will necessitate a new period of engagement and public consultation. The new commission is programmed to deliver key milestones according to the following timetable, which proposes that Members of the Planning Committee will be presented with revised proposals in Nov/Dec 2017:

Workstage	Dates
Evidence base review, Impact Analysis and Strategy Formation	Sept-Nov
Engagement with stakeholders – includes Members, landlords, Universities	Oct-Nov
Presentation to Members to seek agreement to publically consult on revised SPG document	Nov/Dec
6 Week Public Consultation	Jan-Feb 2018
Review consultation responses, prepare consultation report and revised SPG. Report back to members to seek adoption of SPG	March-April 2018

Rent Smart Wales

The Housing Act (Wales) 2014 requires landlords to register and self-managing landlords who let and manage properties and agents to also undertake training and apply for a licence. Rent Smart Wales aims to drive up standards in the private rented sector.

Welsh Government has provided grant to each local authority in proportion to the size of the private rented sector in each area, to assist with implementation and enforcement of the legislation. This funding has been used to provide information to landlords and agents known to the authority and the general public by direct mailings, via landlords' forum meetings, radio advertising, information in Council buildings including the Civic Centre, libraries and housing offices and reviewing and updating of data held by the authority.

It has also been used to appoint one additional Environmental Health Officer on a temporary basis since December 2016. Initially this was a full time post but following a reduction in WG funding the post now operates on a part time basis.

Dealing with enquiries about the application of the legislation, initial stages of enforcement and liaison with colleagues at Rent Smart Wales is also being dealt with using existing staff resources. Specific elements of enforcement work can be reclaimed from Rent Smart Wales from licensing fees, however this process is being newly implemented in 2017 – 2018 and must be reclaimed in arrears so no figures are available as yet. It is not known whether Welsh Government will continue to provide grant funding beyond 2017 – 2018.

Prosecution of a landlord for failing to register a rental property is listed for hearing at Swansea Magistrates within the next month.

Homelessness Strategy

A Scrutiny stage has been included in the timetable for the development of the Homelessness Strategy. The intention is to carry out an internal consultation process during February/March 2018 prior to the draft Strategy being disseminated more widely. This would be an appropriate time to provide Scrutiny with the opportunity to comment on the strategy. The committee can then decide whether it also wishes to undertake pre-decision scrutiny of the final Strategy and action plan. The intention is that the strategy will be reported to Council in October 2018

Fire Safety in High Rise Blocks.

It is anticipated that the work on installing the sprinkler systems will start in Jeffreys Court, Penlan in November with work starting on the blocks in Clyne Court, Sketty in early 2018.

There are plans to install a sprinkler system in an empty high rise flat so it can be viewed by both Tenants and Members before the installation work in tenanted flats commences.

As well as receiving a letter informing them about the works before they commence, all tenants and leaseholders in the high rise blocks will receive a leaflet providing answers to some frequently asked questions, one of the issues covered is that of insurance cover.

Data collected nationally has indicated that there is a 1 in 15,000,000 chance that a sprinkler system which is regularly serviced will activate due to a fault. In addition, any water released from a sprinkler which then damages property and possessions is classed as 'firefighting water' for insurance purposes, which means that the policy holder can claim for any damaged caused as a result of activation be that in the case of an actual fire or a fault with the system.

Public Charging Points for Electrical Vehicles

Corporate Building and Property Services have a list of public charging points for electric vehicles. However it must be noted that this list is not updated on a regular basis so it may not cover all points available to the public in Swansea. The list is attached at Appendix 1.

If you have any further questions or queries, please do not hesitate to contact me.

Yours sincerely

COUNCILLOR ANDREA LEWIS
CABINET MEMBER FOR HOUSING, ENERGY & BUILDING SERVICES
