The first stage will be for a 'pre-inquiry' meeting which has been arranged for the 24 October this will involve an overview / briefing on the subject matter, with advice from relevant cabinet members / officers and existing research & information. This will help inform decisions about how scrutiny can contribute to improvement and the focus, scale and direction of any inquiry. If the Panel agrees an inquiry should be undertaken then it will then need to put together appropriate Terms of Reference for this work that may explore for example:

- effectiveness of process & strategy
- value for money / social value
- benefits to local economy
- impact of local procurement on regeneration / jobs
- financial savings to the Council
- collaboration

The inquiry will be expected to take up to six months to complete, as it will call for wide ranging evidence, and will lead to a report with conclusions and recommendations that will be presented to Cabinet.

2. Follow Up on Completed Inquiries:

Follow-ups of inquiries will consider both the implementation of scrutiny recommendations and wider impact / difference made. Inquiry Panels are reconvened between 6-12 months after cabinet decision on Inquiry reports.
