1. Introduction

- 1.1 The Anti-Fraud Plan for 2021/2022 was presented and approved at Governance and Audit Committee on 20th April 2021.
- 1.2 This report provides a summary of the activities of the Fraud Function for the first half of the year 2021/22 and reviews progress against the outcomes contained in the Fraud Function Anti-Fraud Plan 2021/2022.

2. Mid-Year Review of Outcomes against the Corporate Fraud Function Anti-Fraud Plan for 2020/21

- 2.1 Due to the Covid 19 pandemic, the team continues to operate largely remotely from home but have been able to continue to provide a full service during this period.
- 2.2 Good progress has been made against all eight planned activities contained within the Corporate Fraud Function plan and the team are on target to complete all activities by year end. Appendix 1 provides commentary against these activities.

- 2.3 As noted in the Annual Report for 2020/21, the teams' limited resources and the requirements of reactive work continue to impact the ability to be proactive in certain areas albeit the NFI exercise is considered a proactive exercise.
- 2.4 However, additional staffing resources have been recognised and a new proposed structure is under consideration.
- 2.5 Urgent employee investigations continue to be prioritised and time critical responses and actions are undertaken where Covid protocols allows.
- 2.6 The team continues to receive and evaluate a consistently high level of reports, and it is likely to surpass numbers in previous years.
- 2.7 The team continues to respond to high levels of data requests consistent with previous years.

3. Overview of Other Activities

- 3.1 The following is a brief overview of activities undertaken outside the remit of the Corporate Fraud Function Ant-fraud Plan 2021/22 to date.

3.2 Inter-Agency work and Data Exchange

- 3.2.1 During 2021/22 the team has continued to develop its role in inter-agency working and data exchange.
- 3.2.2 Staff have continued to lead regular meetings, and continued to shape the development of the Welsh Fraud Officers group.
- 3.2.3 Staff have also continued to attend regular online inter agency meetings with other government agencies tackling organised crime and sit on the Local Organised Crime Board.
- 3.2.4 The team are directly involved or assisting in with multi-agency investigations with the Police, DWP Organised Crime, NHS and Immigration.

3.3 Covid 19

- 3.3.1 As previously reported to Governance and Audit Committee, there were a number of emerging fraud risks associated with Covid 19 Grants that diverted significant resources of the team away from planned work in 2020/2021. Processes have now been developed to minimise the risk of fraud in these areas and these have now been adopted as business as usual. As a consequence the level of direct support required has reduced significantly.
- 3.3.2 Post event assurance on a pan Wales level has already commenced, and the large scale post event assurance exercise in relation to the payment of Business Support Grants has been incorporated into the NFI 2020 exercise.

4. Integrated Assessment Implications

- 4.1 The Council is subject to the Equality Act (Public Sector Equality Duty and the socio-economic duty), the Well-being of Future Generations (Wales) Act 2015 and the Welsh Language (Wales) Measure, and must in the exercise of their functions, have due regard to the need to:

- Eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Acts.
- Advance equality of opportunity between people who share a protected characteristic and those who do not.
- Foster good relations between people who share a protected characteristic and those who do not.
- Deliver better outcomes for those people who experience socio-economic disadvantage
- Consider opportunities for people to use the Welsh language
- Treat the Welsh language no less favourably than English.
- Ensure that the needs of the present are met without compromising the ability of future generations to meet their own needs.

4.1.1 The Well-being of Future Generations (Wales) Act 2015 mandates that public bodies in Wales must carry out sustainable development. Sustainable development means the process of improving the economic, social, environmental and cultural well-being of Wales by taking action, in accordance with the sustainable development principle, aimed at achieving the 'well-being goals'.

4.1.2 Our Integrated Impact Assessment (IIA) process ensures we have paid due regard to the above. It also takes into account other key issues and priorities, such as poverty and social exclusion, community cohesion, carers, the United Nations Convention on the Rights of the Child (UNCRC) and Welsh language.

The IIA indicated that there are low impacts on any identified group and the Corporate Fraud Mid-Year Update Report applies equally to all. Public consultation and engagement is not required for the report. All Wellbeing and Future Generations Act considerations are positive and the risk identified is low. The overall impact of the report is positive, as it will support the Authority in its requirement to protect public funds. (See Appendix 2 for IIA)

5. Financial Implications

5.1 There are no financial implications associated with this report.

6. Legal Implications

6.1 The Accounts and Audit (Wales) Regulations 2014 require the maintenance of an adequate and effective system of internal audit of the Council's accounting records and control systems. This is essential to the prevention and detection of fraud and corruption and is a key element of the Chief Finance Officer's statutory duties as contained in section 151 of the Local Government Act 1972.
