

Covid-19 Risk Assessment

Identify project risks associated with the Covid-19 in the table below and determine to what extent they affect the impact criterion (blue shaded section):

Note: Once the above is complete, move to the Impact assessment matrix worksheet before completing the Corrective action section (red shaded section)

| Risk Register | | | | | | | | | | | |
|-------------------------------|---|-----------|-------------|----------|-------------|-------------|-------------|----------|-------------|--|--|
| Risk No. | Risk Description | Risk Type | | Severity | | Probability | | Impact | | Mitigation | |
| | | Severity | Probability | Severity | Probability | Severity | Probability | Severity | Probability | Owner | Responsible |
| R001 | Digital Infrastructure | High | High | High | High | High | High | High | High | Governance from regional office, Welsh and UK Government regarding Project delivery and delivery of outcomes. | Assurances remain with no reason to believe that the risk will materialise. |
| R002 | Project funding is reduced or removed as a result of the region and/or individual partners | Low | Low | Medium | Medium | Low | Low | Medium | Medium | Continue to engage and build effective relationships with all partners and stakeholders, mapping alignment with their priorities. | Clear regional commitment to investment in Digital Infrastructure. |
| R003 | The Digital Project is no longer treated as a priority by the region and/or individual partners | Low | Low | Medium | Medium | Low | Medium | Medium | Low | Continue to engage with the Telecommunications industry, monitor the market and develop private sector engagement strategy. | Consultation or increased activity and engagement with the Telecommunications sector emerging. |
| R004 | Telecommunications providers reduce activity and investment in the region and/or individual partners as a result of the preparation of the business case | Low | Low | Medium | Medium | Low | Medium | Medium | Low | Pathway mapping and scheduling to ensure approval at required governance meetings is up to date and being undertaken. | Ongoing adherence to Governance policies, pathways and timelines. |
| R005 | More people working flexibly / from home presents an opportunity risk. These people clearly require the types of infrastructure and support that will be provided by Digital Infrastructure programme | Low | Low | Low | Medium | Medium | Low | Medium | Medium | Programme to continue as planned | Programme continuing as planned. |
| Executive Risk Register | | | | | | | | | | | |
| Risks - Key Risks | | | | | | | | | | | |
| Funding Outputs | | | | | | | | | | | |
| R006 | Risk of not completing the PDI delivery component by the end of the current STDP period | Low | Low | Medium | Low | Low | High | Low | Medium | Local push completion of phases (last) period initial December 2022 meaning any costs incurred outside this period would be ineligible for WFO funding. M9PA quantifying the potential cost of this based on the current delivery profile. Potential to modify delivery approach to mitigate risk. | Project partners are working through a number of options including value engineering, cost reduction and potentially switching method to active recall, these measures will be reviewed and mapped to the delivery pathway document to provide an actioned design as the world ends 2022-06-2023. |
| Investment Outcomes | | | | | | | | | | | |
| R007 | Delays in progress from key industry stakeholders and major investors | Medium | Low | Low | Low | Medium | Low | Low | Low | Continue dialogue with project developers and public stakeholders (TCE, BEIS, Treasury) to maintain momentum. | Continue to engage on F2CW in all areas of opportunity and risk, particularly with stakeholders to ensure that political leadership is engaged and involved in the delivery, and MIECC adding relevance to the delivery of the programme. MIECC estimating the risk. Targets will all be limited time the universities have to deliver as a result of funding constraints. |
| R008 | Supply chain companies go into 'hibernation' making it difficult for MIECC and MRTA to engage in innovation-support activities. | Low | Medium | Low | Low | Low | Low | Low | Low | MIECC and MIEC making progress on engaging and rapidly identifying opportunities for innovation support. MIECC and MIEC adding relevance to the delivery of the programme. MIECC estimating the risk. Targets will all be limited time the universities have to deliver as a result of funding constraints. | APR 22 |
| R009 | Universities do not sign off to MIECC collaboration framework and/or do not commit to or take confirmation of SECO funding. | Medium | Medium | Low | Medium | Low | Low | Medium | Low | CHIE Catapult continues without university partners, with a smaller project, narrower scope and less likelihood of a long-term legacy presence. | Good progress on review to targets |
| R010 | Planning and Project Development: delay or cancel potential projects in Welsh waters due to inability to make progress on technical aspects due to supply chain restrictions. | Low | Low | Low | Low | Low | Low | Low | Low | Continue dialogue with project developers and public stakeholders (TCE, BEIS, Treasury) to maintain momentum. | Significant range up and interest from WFO Developments in Q4 2022 and also Ambition from the Welsh Government that the new University Sector has added significant positivity for support of the delivery of the programme and recruitment opportunities being developed. |
| R011 | PDO Objectives - with significant SECO approval delay, floating offshore wind (FOW) market leaves PDO behind and public sector money is significantly diluted | Medium | Medium | High | High | Medium | Low | Low | Medium | Consider PDO F2CW fit in light of delay, and be prepared to adjust project objectives and business plan, through Project Change Request (PCR) | PDO looking to align more with the Science Committee to be left behind but complications known in Jan 2022 and need to be managed. |
| Contract & Consent Management | | | | | | | | | | | |
| R012 | Delay in consent due to the third party resource issues | Low | Medium | Medium | Low | Medium | High | Low | Medium | Maintain dialogue with key stakeholders throughout consent process & manage expectation and key messaging around need for timely delineation. | Same PDO consent received, outstanding consents not causing any delays or issues and expected |
| R013 | Inability to progress with planning and consent due to legal challenges that can be overcome with additional limitations and restrictions are lifted | Low | Low | Medium | Low | Medium | Low | Low | Low | Not currently an issue but potentially could if the situation continues for more than 6 months. | WFO update next quarter |
| Costs | | | | | | | | | | | |
| R014 | Increase in cost due to having to pay for acceleration charges from consultants to meet delivery timelines | Low | Medium | Medium | Low | Medium | High | Medium | Medium | Review project immediate to see if delay in project and date possible. If not, assess the pros and cons of paying acceleration and make case to stakeholders for additional fees. | No charge |
| R015 | Increase in cost for construction and service due to high inflation rates and cost increases in supply chain | Low | Medium | Medium | Low | Low | High | Medium | Medium | Potential to delay construction works planning in the immediate term out beyond period of economic recovery to allow for supply demand curve to settle. | No charge - still being paid |
| R016 | POD 2023 Consents - approval delay together with COVID-19 | Medium | Medium | High | Low | Medium | Low | Low | Low | POD 2023 Consents programme in the light of F2CW market analysis, and adjust programme to continue with EITC funding timeline. | POD 2023 update next quarter |
| Project Governance | | | | | | | | | | | |
| R017 | Changes in progress towards meeting terms and conditions and requirements of the contract (e.g. terms and conditions of H1C) | Low | Low | Low | Low | Low | Low | Low | Low | Maintain regular dialogue within partners and key stakeholders via Teams etc to monitor progress on project delivery and work during the period of the contract leading to a delay in response. Could delay activity on site if timely resources not available. Also cost increase. | Collaboration agreements all signed and executed |
| R018 | Insurance costs | Low | Medium | Low | Low | Low | Medium | Low | Medium | Low | WFO update next quarter |
| Partnership | | | | | | | | | | | |
| R019 | The Further and Higher Education programmes at Penritei have not aligned with project objectives and local skills shortages | Medium | Medium | Low | Medium | Medium | Low | Low | Medium | The outcome under development for Penritei are as of yet largely undefined. The outcomes and who have been critical to the COVID-19 effort. Courses to be included are amongst those targeted for growth. Subsequently, projected students will be able to identify the skills required to support the delivery of the programme with our academic partners to understand and manage any impact and to ensure that the delivery of the programme is aligned with the needs of the local economy. Skills and Training programmes can be approached across number of HE providers. Students should be recruited from selected funded providers. One of which has re-engaged and is currently preparing tenders for the year ahead. | Draft Head of Terms issued to partners and stakeholders to ensure outcome to be delivered on site. This has been matched against the delivery of the programme and the overall outcomes for Penritei |
| R020 | Ability to secure institutional funding | Medium | Medium | Medium | High | Low | Low | Low | Low | Conversations have been held with additional organisations to ensure that an optimal outcome can be achieved | APR 22 |
| R021 | Uncertainty in construction sector/costs | Low | Low | Medium | Low | Low | Medium | Low | Low | The construction of phase one will be procured through the South West Wales Regional Growth Fund. The outcome under development for the delivery of the inclusion on the framework and there is no indication that this situation has changed. Suggestions are that price competition will be low in the timescale proposed. | Calculation of costs in progress. |
| R022 | Delays in project programme | Low | Medium | Medium | Medium | Low | Low | Low | Low | Minimum has been maintained. RWA stage 3 work has been initiated, amendment of report has commenced. Directors are sent for specific feedback over the coming weeks to support the delivery of the programme. The programme is progressing well and the required surveys and pre-commencement works can be undertaken over the coming weeks. The impact of the current delay on the programme is not clear. COVID-19 may have an impact on construction contracts ability to mobilise to current sites. | Internal review is identified to manage contractual contracts. Revised governance structure implemented. Programme developed. |
| R023 | Changed partner priorities owing to COVID-19 | Low | Low | Low | Low | Low | Low | Low | Low | Defined and managed - incorporated into draft Heads of Terms | APR 22 |
| Strategic | | | | | | | | | | | |
| R024 | Unpredictable/unknown economic impacts | Medium | Medium | Medium | Low | Low | Medium | Low | Low | Planned further stakeholder engagement to identify potential risks and to align with the delivery phases. Project partners to be informed and Stakeholder mapping to be updated to reflect the latest information. Appointment of a Comms and Stakeholder engagement lead to continue direct stakeholder engagement thus reducing the risk. | APR 22 |
| R025 | Reduced consumer demand | High | High | Low | Medium | Medium | Low | Low | Low | Dialogue with industry/sector, change of project delivery scale and scope potentially necessary | Additional market research to be carried out to understand consumer behaviour and potential changes in the Creative Sector Demand Study to further inform the delivery of the programme. |
| R026 | Availability of external funding | Medium | Medium | Medium | Low | Medium | Low | Low | Low | Initial impact will depend on partners | APR 22 |
| R027 | Rise in construction costs | Medium | Medium | Low | Low | Low | Medium | Low | Low | Initial impact will depend on partners | APR 22 |
| R028 | Delays in project programme | Low | Low | Medium | Low | Low | Low | Low | Low | Initial impact will depend on partners | APR 22 |
| R029 | Ability to collaborate effectively with partners | Low | Low | Low | Medium | Low | Low | Low | Low | Initial impact will depend on partners | APR 22 |
| R030 | Delays in procurement of project services | Low | Low | Low | Medium | Low | Low | Low | Low | Initial impact will depend on partners | APR 22 |
| R031 | Changed industry requirements | High | High | Medium | Low | Medium | Medium | Medium | Medium | Initial impact will depend on partners | APR 22 |
| R032 | Reduction in service needs and commercial opportunities | Medium | Medium | Medium | Medium | Low | Low | Low | Low | Initial impact will depend on partners | APR 22 |
| R033 | Delay in obtaining relevant approvals | Low | Low | Medium | Low | Low | Low | Low | Low | Initial impact will depend on partners | APR 22 |
| Compliance | | | | | | | | | | | |
| R034 | There is a risk that project partners will be less engaged with the project development and governance due to communication issues | Low | Low | Medium | Medium | Medium | Low | Medium | Medium | Initial impact will depend on partners | APR 22 |
| R035 | There is a risk that wider stakeholders (including private sector) will be less engaged with the project | Medium | Medium | Medium | Medium | Medium | Low | Medium | Low | Initial impact will depend on partners | APR 22 |
| R036 | There is a risk of under demand of incubation space | Medium | Medium | Low | Medium | Medium | Low | Low | Low | Initial impact will depend on partners | APR 22 |
| R037 | There is a risk that there will be a delay in the preparation of the business case | Low | Low | Low | Low | Low | Low | Low | Low | Initial impact will depend on partners | APR 22 |
| R038 | There is a risk that there will be a delay in the appointment of the lead contractor | Low | Low | Medium | Medium | Medium | Low | Low | Low | Initial impact will depend on partners | APR 22 |
| R039 | There is a risk that there will be insufficient resources to progress the project including human resource | Low | Low | Low | Medium | Low | Low | Low | Low | Initial impact will depend on partners | APR 22 |
| R040 | There is a risk that there will be significant unrealised requirements for digital connectivity of any development | Medium | Low | Low | Medium | Low | Medium | Medium | Low | Initial impact will depend on partners | APR 22 |

| | | | | | | | | | | |
