

Classification of Audit Recommendations

Recommendation	Description
High Risk	Action by the client that we consider essential to ensure that the service / system is not exposed to major risks .
Medium Risk	Action by the client that we consider necessary to ensure that the service / system is not exposed to significant risks .
Low Risk	Action by the client that we consider advisable to ensure that the service / system is not exposed to minor risks .
Good Practice	Action by the client where we consider no risks exist but would result in better quality, value for money etc.

Audit Assurance Levels

Assurance Level	Basis	Description
High Assurance	Recommendations for ineffective controls affecting the material areas of the service are not High or Medium Risk. Any recommendations are mainly Good Practice with few Low Risk recommendations.	There is a sound system of internal control designed to achieve the system objectives and the controls are being consistently applied.
Substantial Assurance	Recommendations for ineffective controls affecting the material areas of the service are not High Risk. Occasional Medium Risk recommendations allowed provided all others are Low Risk or Good Practice.	There is a sound system of internal control but there is some scope for improvement as the ineffective controls may put the system objectives at risk.
Moderate Assurance	Recommendations for ineffective controls affecting the material areas of the service are at least Medium Risk.	The ineffective controls represent a significant risk to the achievement of system objectives.
Limited Assurance	Recommendations for ineffective controls affecting the material areas of the service are High Risk.	The ineffective controls represent unacceptable risk to the achievement of the system objectives.
