Integrated Impact Assessment Screening Form

As part of our regular communications on the work of adult ser	rvices – management of this
will be managed in line with existing processes	. There are no additional or
specific changes required.	

What is the cumulative impact of this proposal on people and/or communities when considering all the impacts identified within the screening and any other key decisions affecting similar groups/ service users made by the organisation?

(You may need to discuss this with your Service Head or Cabinet Member to consider more widely if this proposal will affect certain groups/ communities more adversely because of other decisions the organisation is making. For example, financial impact/poverty, withdrawal of multiple services and whether this is disadvantaging the same groups, e.g., disabled people, older people, single parents (who are mainly women), etc.)

Policy commitments in Adult Services reinforce and support the delivery of our vision of "Working alongside you to live well and safely in our community". These commitments and our principles of working ensure we invest and improve where we will have the greatest benefit to our population.
