Q3 What involvement has taken place/will you undertake e.g. engagement/consultation/co-productive approaches? Please provide details below – either of your activities or your reasons for not undertaking involvement

Engagement with people utilising current services either directly or via bodies such as Care Inspectorate Wales and engagement with providers of services has been a key aspect of all reviews and the resulting feedback has been used to inform the reviews and any associated revisions to services. Ongoing, the implementation of the individual reviews and any associated changes to services embeds a co-productive approach wherever possible.

- a) Overall does the initiative support our Corporate Plan’s Well-being Objectives when considered together?
 Yes No
- b) Does the initiative consider maximising contribution to each of the seven national well-being goals?
 Yes No
- c) Does the initiative apply each of the five ways of working?
 Yes No
- d) Does the initiative meet the needs of the present without compromising the ability of future generations to meet their own needs?
 Yes No

Q5 What is the potential risk of the initiative? (Consider the following impacts – equality, socio-economic, environmental, cultural, legal, financial, political, media, public perception etc...)

High risk

Medium risk

Low risk

Q6 Will this initiative have an impact (however minor) on any other Council service?

The outcomes of the reviews can impact on wider council services and stakeholders and are considered through the stakeholder mapping and engagement, and IAA processes for each review. Q7 Will this initiative result in any changes needed to the external or internal website?

Integrated Impact Assessment Screening Form

Yes

No

If yes, please provide details below

As part of our regular communications on the work of Adult Services – management of this will be managed in line with existing processes within the service.

Q8 What is the cumulative impact of this proposal on people and/or communities when considering all the impacts identified within the screening and any other key decisions affecting similar groups/ service users made by the organisation?

(You may need to discuss this with your Service Head or Cabinet Member to consider more widely if this proposal will affect certain groups/ communities more adversely because of other decisions the organisation is making. For example, financial impact/poverty, withdrawal of multiple services and whether this is disadvantaging the same groups, e.g., disabled people, older people, single parents (who are mainly women), etc.)

The previous commissioning reviews and current commissioning priorities and reviews in Adult Services reinforce and support the delivery of our vision of “*Working alongside you to live well and safely in our community*”. Our principles include working co-productively with communities and alongside families and individuals to support people to exercise voice, choice and control in their lives and, understanding what matters and ensuring their voice is heard. These principles are applied in reviews of services and commissioned provision included in this scrutiny report and all resulting changes and impacts are considered and addressed.
