Summary: This is a follow up letter from the Adult Services Scrutiny Performance Panel to the Cabinet Member for Care, Health and Ageing Well following the meeting of the Panel on 24 September 2019. It covers Supported Living Developments.

Dear Cllr Child

The Panel met on 24 September to receive a briefing on Supported Living Developments for Mental Health and Learning Disability Services and I wrote to you following that meeting.

Since then I have received further correspondence from a parent carer, who attended one of the informal events held prior to the panel meeting, seeking some clarification. I am therefore writing to you on their behalf.

They have asked for, and I quote, *“clarification of work which has been mentioned in recent meetings with parents about the re-tendering of supported living services. This relates, as I understand it, to work being or to be carried out by Western Bay (or the West Glamorgan Regional Partnership as it may now be called). I am afraid I do not have much information about this work but I believe it involves, in some way, reviews of care plans for people in supported living arrangements (like my son) which is linked in some way to the retendering process. What I would like to know is more precisely what this work involves, what the outcomes of the work would be and how this might affect the people involved and whether this work will involve parents and the individuals themselves.”*
